DIRECTOR'S MESSAGE

In the new knowledge age, intellectual competitiveness is essential for achieving the status of a leader. For this, quality education, more so with a lot practical orientation is of paramount importance. Engineering education involves a lot of conceptual approach along with clear fundamentals & coupled with a good practical understanding to deal with real world problems effectively and efficiently.

Since its inception, the institute has not only grown up in its infrastructure but has also developed a lot in terms of academics and laboratories. A well balanced curriculum, taught by qualified, skilled and experienced faculties develops the required skills in students necessary to meet tomorrow's applications. We are in a continuous process of making our laboratories well equipped to meet the demands of the rapidly changing related engineering fields. We look forward to welcome you to this academic community here at ARAVALI, Udaipur. Best wishes to our students It's my personal belief that if good quality education is imparted to the students, it is assured that they will get great success in their lives and will be placed in the best firms of the world. To facilitate this, the Aravali Group of Colleges has been established with quality infrastructure and highly renowned faculty. The highly motivated youngsters on the campus are a constant source of pride.
